

PROBATE CHECKLISTS

The Court uses the attached probate checklists as a tool to determine whether a petition contains the information required by Florida Statutes and the Florida Probate Rules. These checklists are made available to attorneys and litigants merely as a guide, and should not be relied upon as an exhaustive list of the statutes and rules that may apply to your case. The checklists are not required to be filed with the Court.

To avoid delays, proposed orders should not be e-filed until the petitioner believes that all required accompanying documents have been filed.

If any of the required documents or information is missing, incomplete, or inaccurate, you will be notified. Please ensure that all noted deficiencies are promptly rectified to avoid further delay.

If you intend to dispute any aspect of the Court's order requiring correction of deficiencies, please set your case for hearing. Neither the Clerk's Office nor the Judicial Assistant can offer legal advice.
