Who is on the Team?

The Drug Court Team is a group of very dedicated professionals who want Drug Court participants to be successful.

Team role	Name	Telephone
Drug Court Judge (East Side)	Circuit Judge Elizabeth Blackburn	
Drug Court Judge (West Side)	Circuit Judge Kathleen McNeilly	
Problem Solving Courts Coordinator	Gail Herrington	(386) 943-7077 ext. 4
Assistant State Attorney	Sandy Desrosiers	(386) 239-7710
Assistant Public Defender (East Side)	Glen Gordon	(386) 239-7730
Assistant Public Defender (West Side)	Justine Snow	(386) 822-5770
Probation Officer (West Side)	Phillip Loper	(386) 740-2693
Probation Officer (East Side)	Alexandria Forkner	(386) 947-3520
Court Services Officer (East Side)	Sarah Hare	(386) 239-7770 ext. 1
Court Services Officer (East Side)	Diane Nieves-Maldonado	(386) 239-7770 ext. 3
Court Services Officer (West Side)	Pedro Albanes	(386) 943-7077 ext. 2
SMA Director of Daytona Outpatient Services	Anna Mahoney	(386) 254-1137
SMA Director of DeLand Outpatient Services	Anna Mahoney	(386) 668-3579
SMA Treatment Counselor (East Side)	Dawn Mahaffey	(386) 254-1206
SMA Treatment Counselor (East Side)	Chloe Cameron	(386) 236-3138

Team role	Name	Telephone
SMA Treatment Counselor (West Side)	Ciara Bahadori	(386) 254-1270
SMA Treatment Counselor (West Side)	Jonathan Magee	(386) 331-2295
Clerk of the Court (East Side)		(386) 239-7750
Clerk of the Court (West Side)		(386) 736-5915
Drug Court Office Assistant	Morgan Lopez	(386) 239-7770 ext. 8
Court Services Manager	Brian Brittain	(386) 822-5706

This handbook is available for download at www.circuit7.org.

Welcome to the Volusia County Drug Court!

We want you to succeed! Your success in this program will be good for you, your family, and the entire community. As a participant in this program, you will be required to follow the program rules, instructions given in court by the Judge, and follow the treatment plan you develop with your treatment counselor. This handbook explains what is expected of you. It will also provide you with general information about the program, so please read it carefully. It should assist you in completing the program successfully. We encourage you to share it with your family and friends who support you in recovery. If you do not understand this handbook, please ask your attorney or a Drug Court team member to help you. Naturally, this handbook is not intended to overrule any direct orders of the Drug Court Judge or lawful instructions from a Drug Court Team member.

Please ask questions. We want you to succeed!

What is the Volusia County Drug Court?

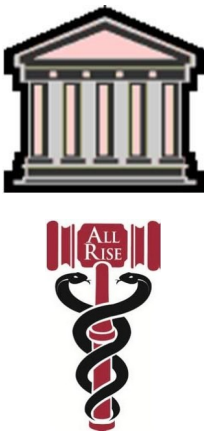

The Volusia County Drug Court began operations in July 1997. It is a judicially led program for non-violent, addicted people who reside in this county and who have felony charges that are tied to their substance use. The program involves regular court appearances before the Judge, substance abuse treatment counseling, frequent random drug screening, supervision by probation, and collaboration with other team members such as your attorney, the State's Attorney, court administration, and treatment providers. Drug Court is a multi-phased program involving substance abuse treatment and the collaborative monitoring efforts of the entire Drug Court Team. Everyone works together to give you the best opportunity to succeed. To be successful, you will be the most important person in this process.

Mission

The mission of the Volusia County Drug Court is to unite the judiciary, criminal justice entities, substance abuse treatment providers and the community in a singular program that reduces drug use by court involved individuals, restores them to law-abiding productivity, and lessens the fiscal impact on society.

Vision

The vision of the Volusia County Drug Court is to see individuals overcome addiction, rebuild their lives as productive and law-abiding citizens, and contribute to a safer, healthier, and more prosperous community.

INTRODUCTION

Participant Benefits

- Good chance of living a drug free lifestyle
- Good chance of living a law-abiding lifestyle
- Rebuild family & community ties
- Avoid lengthy incarceration such as prison
- Early termination from probation or the possibility of your charges being dismissed

Research tells us that Drug Courts Work!

The National Association of Drug Court Professionals (allrise.org) tells us that:

- Drug Courts are the nation's most successful criminal justice program
- There are now over 2,900 Drug Courts nationwide
- Over the past 28 years Drug Courts have served over 1.3 million seriously addicted people
- Drug Courts annually refer more people to treatment than any other system in America
- Nationwide, 75% of Drug Court graduates remain arrest-free at least two years after leaving the program.
- The most rigorous and conservative scientific "meta-analyses" have all concluded that Drug Courts significantly reduce crime as much as 45% more than other sentencing options.
- Drug Courts save money, reduce crime and serve veterans in need of substance abuse and mental health treatment.

How Do I Join?

To enter the Drug Court program, you must qualify for the program, agree to complete the program, and be sentenced to probation with a special condition that requires you to successfully complete the program. Drug dealers need not apply. Participants sign a participation agreement that explains exactly what is expected.

How do I know if I qualify?

Qualification criteria include the following:

- Agree to participate
- 18 or older
- Felony charge that is tied to substance use
- Not have certain violent charges in criminal history
- Residence in Volusia County
- Capable of benefiting from program structure and services
- Other considerations including health issues and mental health issues which may or may not be treatable within the Drug Court

“A Foundation for a New Beginning!”

This is a chance to move forward in your life. The lives of people in Drug Courts all over the world are being changed in incredible ways. Carefully consider your decision to join!

How long is the Program?

This is a multi-phased program that can be completed in one year, depending on how well you do. It often takes people longer than a year to successfully complete because addiction is so difficult to overcome. Please review the participation agreement and this handbook closely to fully understand program requirements.

We want you to Succeed!

We want you to do well and stay in treatment until you graduate! It is better for you, your family, and the community. We conduct a special graduation ceremony for those who graduate. It is a time for you to continue living a law-abiding, drug-free lifestyle without the external supports provided by Drug Court. Using the support systems that you put in place while in Drug Court will become very important. Program graduates are strongly encouraged to come back to see Drug Court team members if you need help or, better yet, simply to tell us how well you are doing! They are also encouraged to participate in our Alumni Group!

Program Oversight

A program steering committee meets at least one time per year to make sure the Drug Court Program is following the guidelines we are supposed to follow to help you succeed. Any serious complaints, concerns, or suggestions can be directed to the Court Services Manager.

COURTROOM

The Judge

Drug Courts are different than traditional courts because you appear before the Judge often to review your progress regardless of whether you are doing well or struggling with the program. We have learned that this time with the Judge can help a participant to be successful in ways that nothing else can. Everyone wants the Judge to be proud of their achievements. Be prepared to tell the Judge how you are progressing in the program. Judge Blackburn and Judge McNeilly want very much for you to be successful!

Many people have worked very hard for more than 28 years just to make this opportunity available. Your success will benefit you, your family and the community. These are three keys:

1. Be honest with yourself, with the team members and with others
2. Respect yourself, respect the team members and respect others
3. Participate in treatment, come to court, comply with supervision and do not abscond!

Appear as Scheduled

Every participant is required to be in court on their scheduled day. It is important for you to come to court early. If you have a question about your next court date, please consult your court notice or contact a team member. A warrant is typically issued for those who fail to appear in court. A failure to appear for court will be addressed at the next court date after incarceration if the participant reports to the jail willingly. Otherwise, there may be additional sanctions. An individual who remains absent from the program for 30 days or more will be viewed as an absconder and may face termination from the program.

Court is scheduled for 10:00am on Wednesdays in DeLand for the West Side participants and 10:00am on Thursdays in Daytona Beach for the East Side participants.

Behavior

- Show up early
- Turn off cell phones
- Stay seated and quiet until addressed by the Court
- Stand up and approach when addressed by the Court
- Stay for the entire hearing unless you are given approval to leave
- No food, drink, or gum in court

Dress Code

If you have any concerns about how to dress for any of the program requirements, please ask any team member. It is important to treat yourself and the Court with respect.

- No bathing suit tops, tank tops, halter tops, hip hugger pants, see through blouses, midriffs
- Undergarments should not be visible at any time
- No clothing bearing or promoting alcohol and/or other drug related themes
- No gang clothing or “colors”
- Remove hats and sunglasses

Incentives

You may receive incentives when you do well. Examples include:

- A Team
- A Team with Incentives
- Applause & Recognition
- Words of Encouragement
- Certificates
- Fewer restrictions
- Tangible Incentives
- Earning Community Service Hours credit

A Team

“A Team” is for participants who have completed everything required of them since their last court appearance. Those who are on the A Team may leave court right after they appear in front of the Judge. Most others must remain for the entire Drug Court hearing. Even though team members recommend who will be on the A Team, the Judge makes the final decision. We love having large A Teams in Drug Court!

.

Some Additional Incentives

- Any participant on A Team with Incentives earns ten dollars ($10.00) credit toward their treatment fees!
- Any participant on A Team or A Team with Incentives four consecutive times earns a chance to spin the wheel for an additional incentive!
- Any participant on A Team or A team with Incentives may be approved by the Judge to travel outside the county.
- Any participant ready to phase up or graduate must be on the A Team!

Sanctions

You may expect to receive sanctions when you do not follow through as expected. Accountability is very important when you are trying to modify behaviors. Examples include:

- It could take longer to graduate
- Expressions of disappointment from the Judge
- Required community service hours
- Restrictions
- Jail time
- You must remain in court for the full hearing if you are on the B Team

Missed Meetings

A missed meeting consists of, but is not limited to, individual or group sessions with your counselor, meetings with your Probation Officer or your Drug Court Supervision Officer at a determined time and place. Communication is the key. You can only be excused from any of the aforementioned meetings by a Team member. In the event a meeting is missed and unexcused, suggested sanctions can range from being tasked with community service hours, completing an essay, or up to detention in the county jail.

Service Adjustments

In addition to using incentives and sanctions, this program uses service adjustments. Sometimes a participant may need to attend additional treatment sessions, support groups, other types of services or even residential treatment. We understand that such a response might feel like a sanction; nonetheless, our intent is to provide each participant with the treatment services they need.

Treatment Works!

It is remarkable how well addictions treatment works when participants apply themselves in the course of evidenced based services. There are millions of people in recovery all over the world who are leading very successful lives. Why not you?

Confidentiality

To encourage candid participation in the treatment process, federal and state law protects your identity and privacy. Because of these regulations, policies and procedures have been developed to guard your confidentiality. To enable collaboration that is necessary for an effective Drug Court, you will be asked to sign a waiver authorizing the transfer of information among Drug Court team members. It is also important to know that Drug Court hearings are open to the public according to state law.

Individual Counseling

You get to develop, review and update your treatment plan together with your counselor during individual sessions. Effective individual counseling sessions are an invaluable part of your treatment process. Please take advantage of this time to progress in the program and to achieve your goals. Please know that it may be necessary for your treatment counselor to schedule extra individual treatment sessions with you if a need is identified.

Group Counseling

You will be required to attend group treatment counseling sessions and education classes that must not be missed unless properly excused in advance or in the event of a true emergency. Please avoid making excuses not to attend. Treatment groups are a major component of this program and are based on your assessed needs. Your treatment requirements may be adjusted based on your individual needs and changes to program requirements. Arrive on time, participate as appropriate and remain until the session is over. Otherwise, you may be counted as absent. Follow all of the treatment provider's "house rules".

Treatment – Unacceptable behavior

1. Violence or threats of any kind to staff or other participants
2. Use and/or possession of alcohol or other drugs
3. Belligerent behavior or acts of vandalism to property
4. Possession of any type of weapon
5. Inappropriate sexual behavior or harassment
6. Breach of confidentiality of other participants in treatment
7. Violations of the courtroom dress code

Ancillary Services

Often, participants need additional services such as mental health counseling and/or medication, residential treatment, transitional housing, family counseling, primary medical services, etc. Based on available resources, we will do our best to help meet your needs. We know recovery is not an easy process; we praise your efforts and your courage. We will attempt to provide the services you need to help you and your family through this difficult journey. These services should help to overcome stress, problems, and conflicts that may block your recovery. Please let us know if at any time you feel that you are not realizing the benefits of this program and we will be glad to seek a remedy.

Support Groups / Self Help Meetings

Involvement in support groups such as the twelve-step programs like Narcotics Anonymous (NA), Alcoholics Anonymous (AA) or SMART Recovery Programs are important to your recovery. Drug Court requires you to attend and to provide written verification that you are doing so. You should get to know the people at these meetings who are recovering from addiction and living a drug-free lifestyle. Developing this support system may be critical to a long-term successful recovery. It is your responsibility to find out when and where meetings take place. Your treatment counselor and Court Supervision Officer will assist you if necessary. Warning: everyone who attends these meetings is not necessarily living a drug-free lifestyle. Alternatives to AA/NA/Smart Recovery may be available if desired. Please address any concerns that you may have about these support groups with your treatment counselor.

Medication

Upon your treatment orientation into this program, you will be provided with a medical release form you are required to present to your doctor upon any visit. As this is an addictions treatment program, abstinence is the goal. In the event your medical provider prescribes you a narcotic and/or a mood-altering medication, you must report this to your Court Supervision Officer along with a copy of all the documentation from your visit within 24 hours or on the next workday. When you have finished your medication, please report that information to your Court Supervision Officer. You may utilize medication-assisted treatment if prescribed by your medical provider and verification is provided to your Court Supervision Officer.

Addictions Treatment Costs

Participants in this Drug Court program receive treatment services valued at many times the treatment costs actually paid. If you are serious about living a law-abiding lifestyle that is free of alcohol and other drugs, Drug Court is the right place for you – and it is also a good value. Participants in Drug Court are required to pay for treatment services to SMA Healthcare (SMA). Financial accountability is an important part of recovery. Delinquent fees can delay your advancement in the program.

Treatment Fees & Court Related Financial Obligations

Treatment fees are to be paid to SMA Healthcare unless the Court orders otherwise. You will be required to show proof of payments to your Court Supervision Officer. Participants with court related financial obligations such as child support, restitution, crime victims' fund and legal aid fees are expected to make payments on a regular schedule. You may be required to show proof of payments to your Probation Officer. If you cannot make a payment, discuss your situation with your Court Supervision Officer and Probation Officer in order to make other arrangements. Failure to make scheduled payments while in this program may delay your progress and your graduation. The total treatment fee for the first 24 months is $1,000. You are required to pay $300 prior to advancing to Phase 3 and $700 before entering Phase 4. It would be wise to pay weekly as soon as you can so you may advance through the program. If you remain in the program longer than 24 months, you will be charged $80 for each additional month, beginning on the first day of each month, thereafter until you graduate. Remember to keep your receipts! Community service hours can be worked in lieu of payment. You will get credit for $15 off your fees for every hour worked at an approved community service placement.

Constructive Use of Time, Employment, and Education

Using your time constructively will assist you in recovery and to successfully complete Drug Court. Typically, after advancing to Phase 2, participants are required to get and keep a job as a W-2 employee, or other court-approved employment, and to work no less than 25 hours per week. Going back to school might also be a good idea but check with your Court Supervision Officer first. Idleness and boredom are not your friends. Although most participants find work or continue their education without a problem, some seem to go to great lengths to avoid working or becoming self-sufficient. Drug Court Team members will help you find a job to the extent they are able. Your requirements will be made clear by the Drug Court Team and the Judge if you have any questions. You must inform your Court Supervision Officer and Probation Officer right away if your employment or educational status changes. Expect someone to verify your work and/or educational status. Although we will work with your schedule as much as possible, you cannot miss court, group sessions or appointments due to conflicts in your work schedule. If you fail to work 25 hours in a week, you will be required to make up the hours by performing community service hours. You can receive a sanction – up to and including time in jail – for failure to maintain employment.

SUPERVISION

Supervision of Drug Court participants is the responsibility of the Probation Officer and Court Supervision Officers. Every participant in this Drug Court program is on probation with a special condition that requires successful completion of Drug Court. It is extremely important to abide by the conditions of your probation to include the requirements specified in the participation agreement.

What are the Rules?

1. Appear in court as scheduled
2. Follow your treatment plan
3. Show up on time for appointments
4. Complete the phase requirements
5. Be honest
6. Follow lawful instructions of all team members
7. Report for drug screening as instructed by a team member or by the random UA message line you call daily

Show up on time for Appointments

Show up on time for court, treatment sessions, and probation office visits, drug screens...everything! You will be glad you did!

Court Supervision Office Visit Hours: 8:00am – 11:00am or 1:00pm – 4:30pm East Side: Mondays and Tuesdays – by appointment only West Side: Weekdays – by appointment only

Steps to Success!!!

Each phase of the program includes treatment goals, activities and requirements that you must meet in order to successfully complete the program and graduate. These are things that you will be required to do no matter which phase you are in.

- Appear in court regularly
- Make regular payments towards your treatment fees
- Meet regularly with probation and Court Supervision Officers
- Progress in treatment

The “regular stuff” you must do to advance to the next phase, is:

- Follow established individualized treatment plan
- Complete phase requirements
- Submit phase advancement form
- Have your treatment fees paid up
- Get the approval of the Team
- Get the approval of the Judge in court

Complete Phase Requirements

Phase 1 (Assessment, Orientation and Stabilization): Minimum duration is 26 days

- Court Appearances: Once per week in front of the Drug Court Judge
- Group Therapy Sessions: Attend all treatment recommended groups

- Individual Therapy Sessions: Attend at least 1 session per week
- Drug Tests: As instructed through the random drug testing system and by Drug Court Team members
- Support Groups such as: AA/NA/SMART Recovery: Attend 1 meeting each day, 5 days per week
- Supervisory Office Visits: At least once per week with Court Services Officer
- Probation Office Visits: Once per month as instructed by Probation Officer
- To advance to next phase: Complete 10 community service work hours at approved site
- To advance to next phase: Complete a minimum of 16 group therapy sessions during the phase, either in residential or outpatient treatment
- To advance to next phase: Complete and pass the dilute UA quiz
- To advance to next phase: Acquire a minimum of 20 consecutive “clean urine days”

Phase 2 (Outpatient): Minimum duration is 90 days

- Court Appearances: Every 2 weeks or as scheduled by the Drug Court Judge
- Group Therapy Sessions: Continue to attend all treatment recommended groups
- Individual Therapy Sessions: Attend at least 1 session every 2 weeks
- Drug Tests: As instructed through the random drug testing system and by Drug Court Team members
- Support Groups such as: AA/NA/SMART Recovery: Attend 1 meeting each day, 4 days per week
- Supervisory Office Visits: At least once every 2 weeks with Court Services Officer
- Probation Office Visits: Once per month as instructed by Probation Officer
- First Step, Inc. Fee: Pay in full within 30 days of advancing to Phase 2 ($12.48 per case)
- Obtain and maintain lawful employment within 45 days of advancing to Phase 2
- To advance to next phase: Complete 10 community service work hours at approved site
- To advance to next phase: Pay treatment provider $300 of Drug Court surcharge
- To advance to next phase: Acquire 45 consecutive “clean urine days”

*For those participants transitioning from residential treatment into Phase 2 there may be additional meetings with Supervision and/or treatment scheduled

Phase 3 (Transitional Outpatient): Minimum duration is 120 days

- Court Appearances: Every 3 weeks or as scheduled by the Drug Court Judge
- Group Therapy Sessions: Continue to attend all treatment recommended groups
- Individual Therapy Sessions: Attend at least 1 session every 3 weeks
- Drug Tests: As instructed through the random drug testing system and by Drug Court Team members
- Support Groups such as: AA/NA/SMART Recovery: Attend 1 meeting each day, 4 days per week
- Supervisory Office Visits: At least once every 3 weeks with Court Services Officer
- Probation Office Visits: Once per month as instructed by Probation Officer
- To advance to next phase: Pay treatment provider 100% of drug court surcharge
- To advance to next phase: Acquire 120 consecutive “clean urine days”

Phase 4 (Continuing Care): Minimum duration is 60 days

- Court Appearances: Every 4 weeks or as scheduled by the Drug Court Judge
- Group Therapy Sessions: Continue to attend all treatment recommended groups

- Individual Therapy Sessions: Attend at least 1 session every four weeks
- Drug Tests: As instructed through the random drug testing system and by Drug Court Team members
- Support Groups such as: AA/NA/SMART Recovery: Attend as instructed by treatment counselor
- Supervisory Office Visits: At least once every 4 weeks with Court Services Officer
- Probation Office Visits: Once per month as instructed by Probation Officer
- To graduate: Pay treatment provider 100% of Drug Court surcharge
- To graduate: Acquire 60 consecutive “clean urine days” in Phase 4 and a minimum of 120 consecutive days of abstinence accumulated between Phase 3 and Phase 4

What else is expected of me?

- Treat team members and other participants with respect
- Stop all drug related activity
- Comply with drug screening
- Live a law-abiding lifestyle
- Review the program guidelines during your orientation and whenever you have questions

Treat others with respect

You should respect the opinions and feelings of other program participants. Verbal or physical threats toward anyone will not be tolerated. Any inappropriate behavior will immediately be reported to the Court and may result in a severe sanction. Aggressive behavior towards staff or other participants cannot be tolerated.

Fraternization, Living Together & Intimate Relationships

Participants are encouraged to build healthy relationships with others who are living a law- abiding, drug-free lifestyle. Helping other participants in the program by listening to each other, giving wise input when requested and carpooling together to treatment sessions are often good things that are encouraged. Residing in the same halfway house or sharing an apartment with another Drug Court participant may even be necessary to make ends meet financially. This type of living arrangement may be acceptable if approved by the team in advance; however, please be very prudent about the people with whom you spend your time, the places that you spend your time and the things that you do. Those who are within their first year or two into recovery typically experience huge changes in their life. For this reason, entering into new, intimate relationships, especially with others who are new to recovery such as other program participants, is strongly discouraged. Sadly, it is more common for a person who relapses to pull down their significant other than for a person who is strong in recovery to pull up their intimate partner. Use this time to focus on yourself!

Community Service Hours

Participants are required to complete 20 community service hours while in Drug Court. The first 10 hours are due in Phase 1 and the remaining 10 hours are due in Phase 2. Participants can also benefit from an earned credit of $15.00 for every community service hour completed other than those hours designated for program requirements. Approved designated locations for community service can be obtained from your Court Supervision Officer.

Live a law-abiding lifestyle

You are required to refrain from further violation of the law. Additional offenses may result in you being terminated from the program. Abstinence from drugs and alcohol is not the only program rule. We are very interested in you leading a law-abiding lifestyle. We strongly suggest that you get involved in pro-social activities such as improving your employment situation, furthering your education, attending church, participating in organized sports, joining social clubs or engaging in family-friendly activities. You must notify your Probation Officer and Court Supervision Officer if you have any contact with Law Enforcement or are arrested or charged with any new law violation within 24 hours of this happening.

Unsuccessful Termination

Even with the Drug Court Team supporting you, this is not an easy program. Your success in this program depends mostly on you. The team will work very hard in an effort to help you to be successful; however, do not expect the team to work harder than you.

Please do not do the following things:

- LIE TO THE JUDGE
- Commit a new offense
- Commit a crime of violence
- Fail to comply with the program rules continuously
- Abscond from the program

Probation Office Visits

You are required to schedule an appointment and meet with your probation officer once each month. You will be asked to fill out a monthly report. The probation office is located at: 1620 Mason Ave, Suite B, in Daytona Beach if you are an East Side participant. The probation office is located at: 334 East New York Ave., in DeLand if you are a West Side participant. Your probation officer can discuss with you any probation fees or any restitution payments you may be required to make.

Drug Screening

Stop all drug related activity

Do not possess, sell, or use alcohol or illegal drugs. Do not frequent areas where drugs are being sold or used. Do not enter any establishment whose primary purpose is to sell or distribute alcohol. Any use of drugs or alcohol must be reported immediately to a team member.

Comply with Drug Screenings

One of the main goals of the program is to help you to not use drugs. A positive drug screen or admission of substance use may result in a sanction and/or changes in treatment. Drug screening will be conducted at the UA lab, the treatment facility, the probation office and even during court appearances. Always be ready to submit to a drug screen while in the program. You will have 2 hours to provide a sample when requested or ordered to do so.

Over the Counter Medications

Over the counter medications are drugs. Check with the team before you take such medications. You may not ingest mood altering, over the counter (OTC) medications that may result in a positive drug screen. Such medications include those that contain alcohol, dextromethorphan, phenylpropanolamine, pseudo-ephedrine and ephedrine. You MUST discuss all over-the-counter medications and supplements you plan to take with your Court Supervision Officer and treatment counselor before taking anything. This is particularly important before ingesting diet pills, herbal supplements or energy drinks. Examples of OTC drugs that contain prohibited ingredients include, but are not limited to: Nyquil, Actifed, Sudafed, Coricidin, Nasal Crom and Robitussin DXM. Examples of OTC medications that will not result in a positive drug screen when taken as directed include: aspirin, acetaminophen, ibuprofen and naproxen.

Additional Substances to Avoid

You may not possess or ingest any mind and/or mood-altering substances. You may not possess or ingest designer drugs, smoking mixtures, synthetic cannabinoids, or anything labeled “not for human consumption”. Specific examples of these substances include, but are not limited to: Spice, Bath Salts, Kratom, Flakka, Delta 8 or 9, and any products containing poppy seeds.

A Drug is a Drug is a Drug!

You may not use alcohol while in the program and you may not enter any establishment whose primary purpose is the sale of alcohol. You may not use cannabis, even with a medical marijuana card.

Drug Screening

The Volusia County Adult Drug Court is interested in all program participants remaining drug and alcohol free. Toward that end, it has been determined that a system of random urinalysis testing is necessary. Therefore, all program participants are required to do the following everyday including weekends and holidays without fail:

1. Call the random urinalysis voice mail system between 5:00 AM and 7:30 AM.
2. Bring photo ID with you to the lab so that your sample will be accepted.
3. You may be called in by your phase number, your name, or a random number of the day which is the same as the last digit of your social security number. You must appear in person at the location and time that is specified on the recording. This visit does not replace any scheduled supervision or treatment visit and does not eliminate the possibility of having to provide another sample on the same day.
4. If you are instructed to attend a morning drug screening, you must submit a valid sample between 8:00am and 12:00pm. If you are instructed to attend an afternoon drug screening, you must submit a valid sample between 2:30pm and 4:30pm.
5. Failure to report in for a random urinalysis test, or failure to submit a valid test will very likely be counted as a positive urinalysis test. Therefore, it is extremely important for each participant to call in every single morning, no matter what!

Eastside Participants

CALL (386) 239-7770 - after message begins, press 6. If called, report to: Court Administration UA Lab, 251 N. Ridgewood Ave in Daytona Beach unless the message instructs you to another location.

Westside Participants

CALL (386) 943-7077- after message begins, press 7 If called, report to: Courthouse Lab, 101 N Alabama Ave, 1st floor, in Deland, unless the message instructs you to another location.

A Supervision Officer may suspend this requirement in advance if a participant is physically unable to report in person due to incarceration, hospitalization or approved travel. Do not assume that this requirement is suspended. Speak with your Court Supervision Officer first.

Positive Urinalysis

As the premise for Drug Courts throughout the country is to assist the participant in abstaining from all drug use, we know that this is not an easy task. Abstaining from substance use can be a challenge; with this in mind, seek assistance from your counselor, your sponsor or any team member. If you have used a prohibited substance, inform a team member as soon as possible. Though your situation is personal, it may not be unique and certain forms of behavior modification may be necessary. These modifications could include extended treatment, increased counseling, court ordered detention or some other form of behavior modification.

Missed Urinalysis (UA)

Please do not miss a UA! When participants have missed drug screens in the past, it has often been an attempt to avoid the detection of drug use. The sanctions for missing UA’s are to be discussed with the team. Some examples of sanctions for missing UA’s could result in: daily UA’s, loss of clean days, increased reporting, daily meetings, etc.

Dilute Samples

Please limit your liquid intake a few hours prior to drug screening. Dilute urine samples can indicate that an individual intentionally set out to alter the outcome of his/her drug screen. There is no way a team member can differentiate the individual's intent. With this in mind, it is the Drug Court Team's position that upon the first dilute sample, the individual will be given a warning from the Judge. If a participant provides more than one dilute sample, additional sanctions may imposed such as daily UA's, loss of clean days, increased reporting, essay assignment, etc.

Incentives, Sanctions, and Service Adjustments

The Drug Court Team will use a combination of incentives, sanctions, and service adjustments to reinforce compliance with the treatment plan. The team may attempt to develop additional incentives, sanctions, and service adjustments which are unique to you.

Incentives, also known as rewards, will be dispensed as deemed appropriate by the Judge, with input from the team. Incentives may be appropriate when you have displayed positive behavior, accomplished an agreed upon goal, successfully completed a treatment phase or have been in compliance for a significant period of time. Initially, it is important to acknowledge even modest progress.

A sanction will be imposed for each violation. The Judge, with input from the team, will determine which sanction is appropriate depending on the nature of the violation and your overall compliance. Sometimes a verbal admonition is all that is needed. At the other extreme, incarceration may be appropriate. The main point is to ensure that there are consequences for noncompliance, and that they are imposed fairly and consistently. Prior to receiving a sanction, incentive, or service adjustment the Judge shall advise you of the reason for such and you will be allowed to address the Court.

A service adjustment may be used as a standalone response to a violation or in combination with a sanction or incentive. The Judge, with input from the team, will determine what service adjustment is appropriate. Service adjustments can include increasing reporting and/or self-help meeting attendance, adjusting level of treatment, referral to other treatment options, additional assignments, or other adjustments to help you achieve your goals.

Some Examples of Positive Behavior

- Actively seeking employment
- Attending school
- Attending self-help meetings
- Attending treatment/counseling
- Avoiding negative peers
- Being on time for appointments
- Being on time for Court
- Completing a treatment phase
- Complying with Court conditions
- Complying with obligations
- Maintaining stable residence
- Obtaining and maintaining productive employment
- Progress on goals
- Remaining arrest free
- Testing negative for alcohol/drugs
- Actively participating in counseling

Some Examples of Negative Behavior

- A new arrest
- Associating with negative peers
- Being late for Court

- Failure to appear at a court session
- Failure to attend self-help meetings
- Failure to comply with Court conditions
- Failure to maintain scheduled appointments and actively participate with treatment provider, Probation Office, or Supervision Officer;
- Failure to reside at an approved residence
- Failure to submit to drug testing when required
- Dishonesty
- Negative/disruptive behavior
- Providing a diluted or fraudulent drug test specimen
- Refusal to participate in treatment program
- Testing positive for alcohol/drugs
- Unsuccessful termination from treatment program
- Willful failure to pay required fines and fees

Some Examples of Service Adjustments

Supervision Adjustment	Treatment Adjustments	Learning Assignments
Increase or decrease court appearances	Modify frequency of treatment sessions or level of care	Calendar/log
Increase or decrease contact with supervision officer	Initiate or modify specialized programming	Cognitive behavioral therapy (CBT) assignment or group
Increase or decrease drug and alcohol testing	Initiate or modify medications	Written assignment
Increase or decrease contact with probation officer	Increase or modify attendance at peer recovery support groups	Journaling assignment

Some Examples of Incentives/Sanctions

Low Intensity Response

Incentive	Sanction
Verbal praise	Verbal admonishment/warning
Applause	Community service hours
Acknowledgement in court	B Team
Bus pass	
A Team	

Moderate Intensity Response

Incentive	Sanction
A Team with Incentive	Curfew
Raffle ticket for drawing	Increased time in phase
$10 off court fees/$10 gift card	Community service hours
Wheel spin for incentives	Increase court appearances
Decrease court appearances	Court observation
Grant/increase travel privileges	Team roundtable
Written praise	Written admonishment/warning
Decrease time in phase	
Overnight visits	

High Intensity Response

Incentive	Sanction
Wheel spin for incentives	Community service hours
Certificate of achievement	Short term jail sentence
Phase acceleration	Limitation/suspension of privileges
Early termination from probation	Electronic monitoring
Graduation from Drug Court	Geographical restrictions
	Termination from Drug Court

STATE OF FLORIDA
IN THE CIRCUIT COURT, SEVENTH JUDICIAL CIRCUIT,
IN AND FOR VOLUSIA COUNTY
VS _____

CASE NUMBER(S): _____

CHARGE(S): _____

Volusia County Drug Court Participation Agreement

I have a substance abuse problem and hereby request to be considered for the Volusia County Drug Court Program, a Problem-Solving Court of the Seventh Judicial Circuit. I understand that the opportunity to participate in this program is a privilege, not a right. Understanding that accountability is an important aspect of the program, I acknowledge that if I am accepted, the following will apply to me as long as I am a participant in the program:

1. **I will enter the Program as a condition of probation:** I understand that I will enter this program as a condition of probation and that I must comply with the requirements of the program as outlined in this participation agreement, all standard conditions of probation, and any special conditions imposed at sentencing. Failure to comply with the Drug Court obligations may result in a violation of my probation, the issuance of an arrest warrant or a modification of my probation conditions (including, but not limited to, the completion of residential treatment). If I am found in violation of probation and sentenced out of the program, the presiding Drug Court Judge is not bound by any predetermined sentences.

   If agreed upon by all parties at the time of sentencing, I may be eligible to have my plea/sentence vacated and all charges against me dismissed upon successful completion of the program.

2. **I consent to ex parte communication** (communication outside my presence and/or the presence of my attorney) among all members of the treatment team regarding my health, mental health, addiction, employment, legal status, and other personal information the treatment team deems appropriate as a part of my treatment. My consent to ex parte communication will be withdrawn and will end upon my return to a regular court docket for any reason.
3. **I authorize all members of the Drug Court team** to use and disclose to one another, as necessary, my substance use disorder information, notes, and records for the purposes of coordinating, administering, and monitoring my participation in a Seventh Judicial Circuit Problem-Solving Court. I may revoke this consent by submitting a written notice to the Problem-Solving Court Coordinator and the treatment provider. I understand that revoking consent may result in termination from the Problem-Solving Court Program and that revocation will not affect disclosures already made in reliance on this consent.
4. **I hereby waive my right of privacy and confidentiality** concerning information contained in Department of Children and Families records. I consent to allow this information and all other information concerning me to be given to all Drug Court Team members as needed to carry out official tasks. This includes, but is not limited to: urinalyses results, treatment group attendance, office visits, field visits and overall program progress.

5. **I agree to waive my due process rights** with regard to the imposition of any sanction and to submit to any reasonable search of my person or property while a participant in Drug Court. The waiver of due process rights does not include violation of probation proceedings or a Drug Court Team decision for expulsion or termination from the program.
6. **Health:** I understand that health care is an important part of becoming clean and sober. Therefore, I will make a diligent effort to maintain or apply for health care coverage as soon as possible upon entry into the program.
7. **Treatment:** I will cooperate with substance abuse screenings and/or assessments as needed to participate in Drug Court. I will report to my treatment provider as instructed, which will be as soon as possible after entering the program. I will develop and sign an individualized treatment plan with my counselor and participate toward accomplishing the goals and objectives in my plan. Periodic modifications to my plan will be made. If my treatment plan requires additional evaluation, counseling, medication, medical treatment or residential placement, I understand that I may be required to pay some expenses related to these services. I agree to fully participate in any treatment that is recommended during my time in Drug Court. I understand that treatment requirements may be adjusted based on individual progress, ongoing assessment, or program changes.
8. **Program Requirements:** I have been provided a copy of the Volusia County Adult Drug Court Handbook, which outlines specific requirements of the program, including requirements to advance from one Phase to the next and to graduate successfully from the program. Advancement to the next phase and/or graduation is based on the recommendation of the Team and final approval of the Judge.
9. ___ **Initials:** I acknowledge that I have reviewed the phase requirements included as an addendum to this agreement.
10. **I understand that it will take a minimum of ten (10) months to graduate Drug Court;** however, based on my progress and the date of the next scheduled graduation ceremony, it could take longer. Graduates who have transferred into the program may be eligible to withdraw their plea and have their charges dismissed.
11. Graduates who have entered the program as a condition of probation may be eligible to be successfully terminated from probation early.
12. **I will appear at all Drug Court Hearings** as instructed by any member of the Drug Court Team. The Drug Court Team is comprised of representatives from the State Attorney's Office, the Public Defender's Office, the Clerk of the Court, substance abuse treatment providers, the Florida Department of Corrections (D.O.C.) Probation Office, the Seventh Judicial Circuit's Court Administration, and the Drug Court Judge.
13. **I understand that supervision officers employed by both the Florida D.O.C. Probation and Court Administration** will conduct supervisory contacts concerning me. These contacts may occur, consistent with the confidentiality of my treatment, at my home, my work, the treatment center, the courthouse, or anywhere deemed necessary. I will report when and where as directed by these officers. Each participant must provide a working telephone number on which they can be contacted at any time.

14. **Remaining drug free:** I understand that Drug Court will assist me to remain drug free by requiring me to not use alcohol, illegal drugs, prescription drugs without a valid prescription, or any other mind- or mood-altering substances. I understand that I will be required to submit random, frequent urine samples during the duration of the program. I agree to not ingest, purchase, or possess any illegal drugs or mind/mood-altering substances.
15. **Incentives, Sanctions, and Service Adjustments:** I understand that I can expect to receive incentives when I progress in the program and sanctions when I do not. Various forms of incentives, sanctions, and service adjustments are outlined in the Participant Handbook.
16. **I agree to promptly and truthfully answer all questions asked by any member of the Drug Court Team** and understand that I must report any contact with Law Enforcement to the Court Supervision Officer either in person or by phone within twenty-four (24) hours of the contact. I agree to obey all lawful directions given to me by a Drug Court Team member.
17. **Employment and Education:** Within 45 days of advancing to Phase 2, I agree to maintain lawful employment and/or to advance my educational status in a manner that is approved by the Drug Court Team. I will not change my educational or employment status without approval of the Drug Court Team.
18. **I will not violate the law**, possess weapons or associate with any person engaged in criminal activity.
19. **I agree to reside locally** and to not change my address without the approval of the Drug Court Team.
20. **I will not leave Volusia County** without the advance approval of the Drug Court Team.
21. **Restitution, First Step and Cost of Supervision:** If I have been ordered to pay restitution, I will make paying it a priority. I understand that I should pay my restitution in incremental amounts or in full before paying any other fees, costs or fines and before being permitted to graduate. Within thirty (30) days of advancing to Phase 2, I agree to pay $12.48 per case to the Florida Department of Corrections (DOC) for the purpose of funding First Step Inc., a non-profit organization that assists probationers to include Drug Court participants in need of basic necessities. The ‘cost of supervision fee’ normally paid to DOC is suspended during my participation in Drug Court and is waived upon successful completion. At that time, court costs and other fees, excluding restitution, may be reduced to a civil judgment. Restitution, if any, must be paid in full in order for my case to be closed.
22. **Drug Court Surcharge:** I agree to pay the drug court treatment provider a surcharge of $1000.00 for the first twenty-four (24) months of participation in drug court. I understand that I may substitute community service hours performed at an approved site for payment of the fee at the rate of $15.00 per hour. This surcharge may be waived or suspended or modified by the Court, at its discretion. If I am still participating in Drug Court beyond twenty-four (24) months from my starting date, then I also agree to pay $80.00 for each additional month, beginning on the first day of each month, thereafter until I graduate or am sentenced out of the Program.

23. **I understand that required community service work hours** must be completed at a work site that has been approved by the Drug Court Team. Although completed work hours can be used to offset the drug court surcharge, money will not be accepted in lieu of completing community service work hours.
24. **Additional Tasks:** I will complete any and all tasks as directed by the Drug Court Judge.
25. **I understand that the confidentiality** of my alcohol and drug treatment records are protected under Federal regulations: Confidentiality of Alcohol and Drug Abuse Patient Records, 42 CFR Part 2 and the HIPPA Privacy Rule, 45 CFR 160, 162, and 164. I further understand and consent to the Office of the State Courts Administrator (OSCA) staff having access to the data provided in the Florida Drug Court Case Management System, as a required part of Florida Drug Court compliance, for purposes of providing administrative oversight, program monitoring and evaluation, and data compliance review. OSCA's contracted vendor, Advanced Computer Technologies, also has access to the data for purposes of web hosting, support, and database maintenance.

I understand and accept the contents of this form which I have read or have had read to me. I also understand that my information may be shared with the Office of State Court's Administration for purposes of providing administrative oversight, program monitoring and evaluation, and data compliance review.
